

# Online Lecture Series

## II Conference in Glycosciences

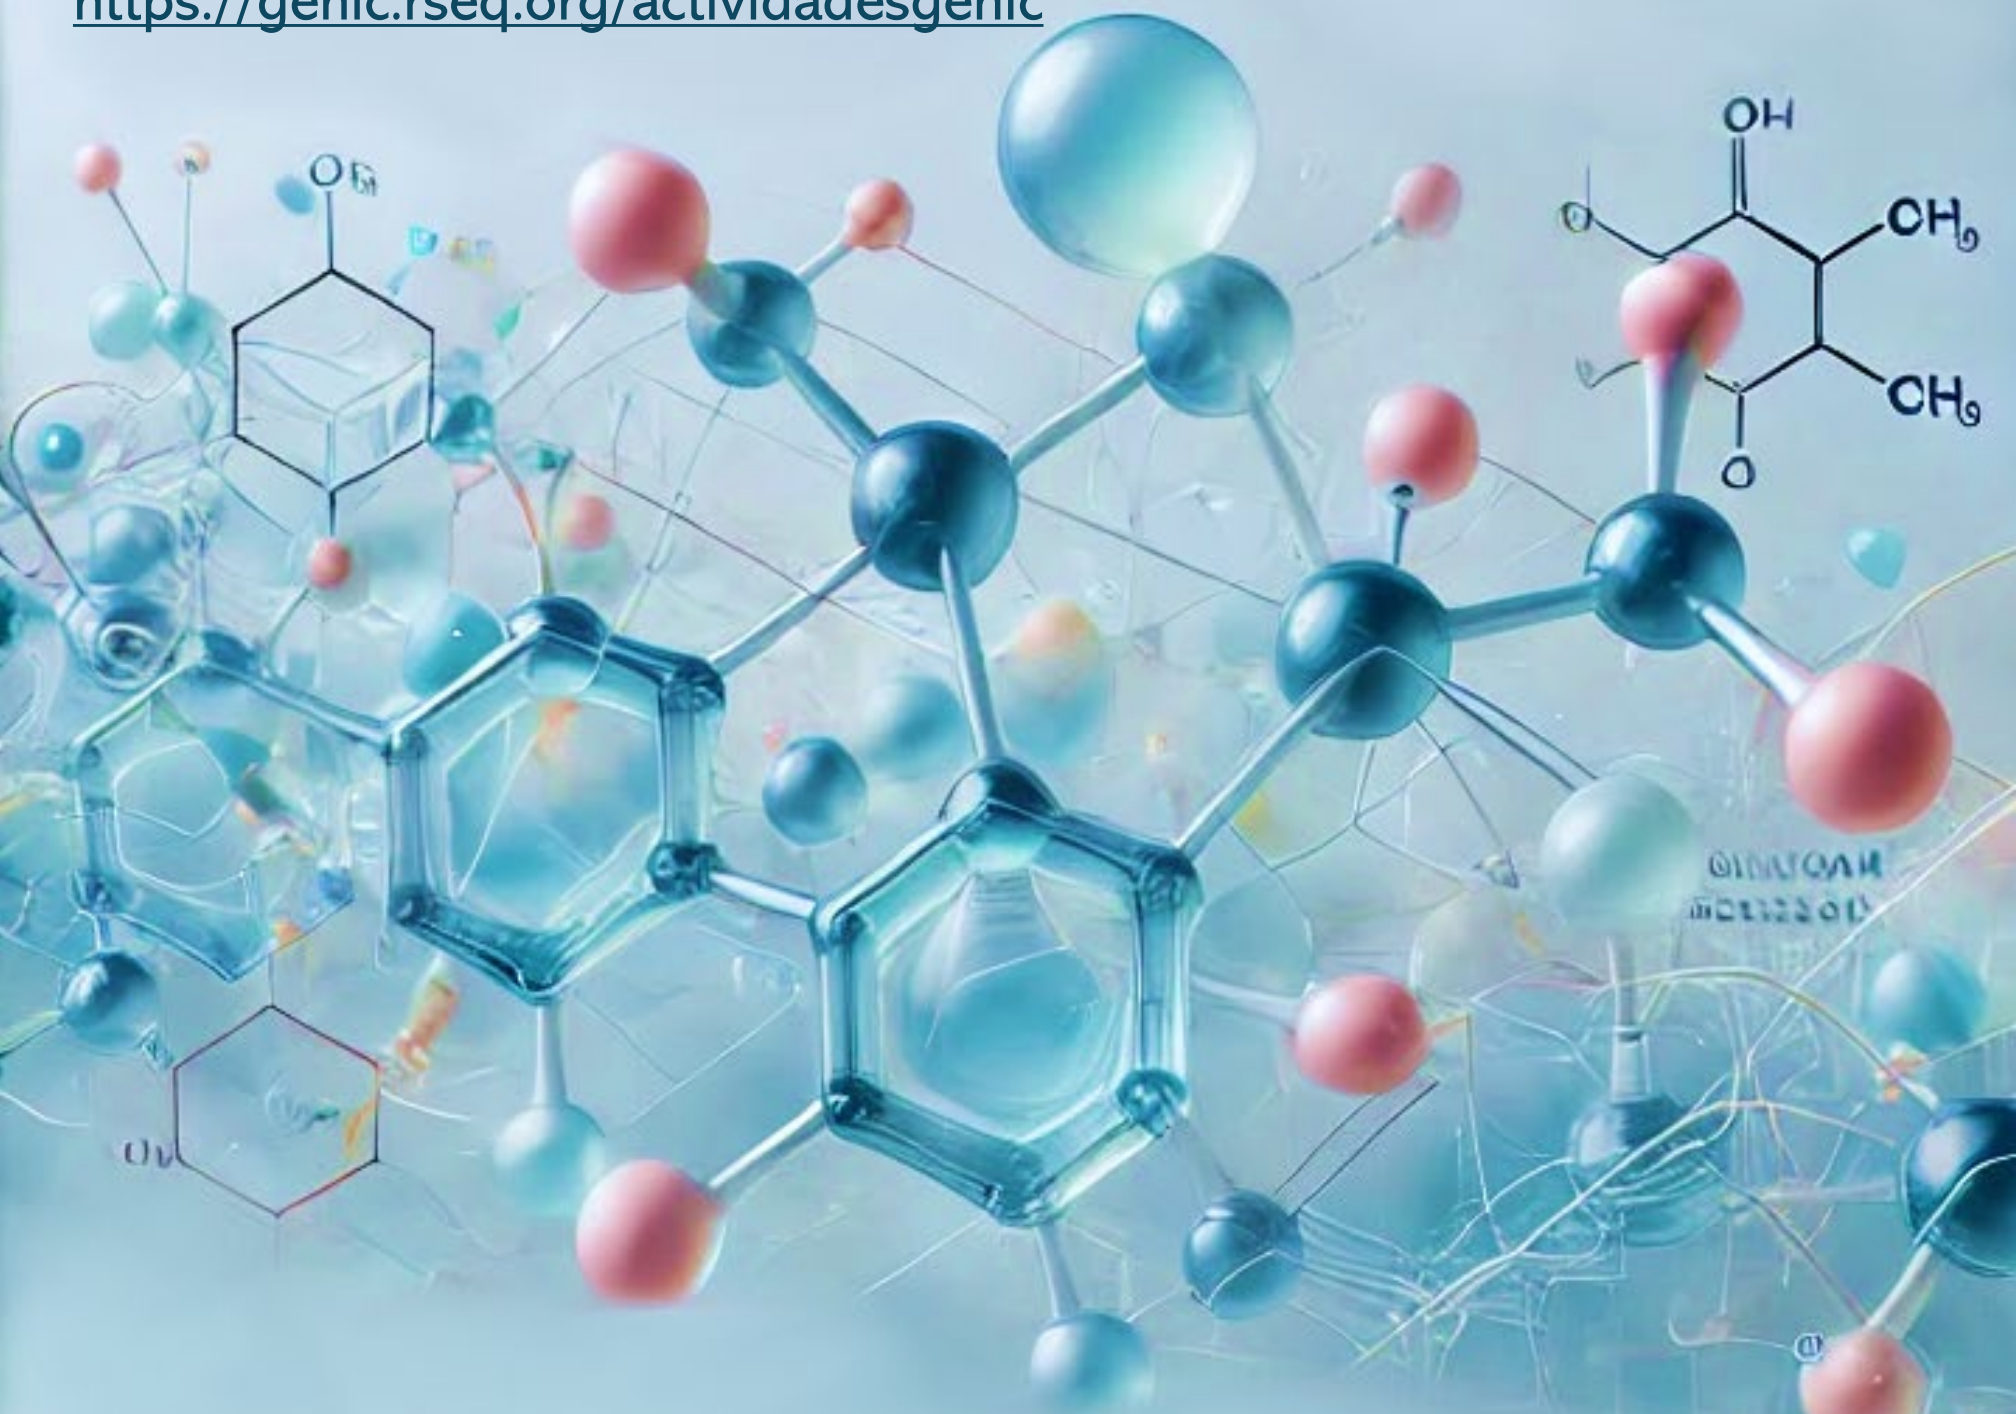

This event series will bring together leading scientists to share and discuss the latest advances in glycan research.

**February – May 2025**

<https://gehic.rseq.org/actividadesgehic>

*Carbohydrates Division  
Spanish Royal Society  
of Chemistry*

**February 6th, 2025, 12h**

**Dr. Sara Bertuzzi**

*Thermo Fisher Scientific*

**March 6th, 2025, 12h**

**Dr. Sarel Fleishman**

*Weissman Institute of Science*

**April 3rd, 2025, 12h**

**Dr. Yasuhiro Kajihara**

*Osaka University*

**May 6th, 2025, 12h**

**Dr. Ben Schumann**

*The Francis Crick Institute*

# Online Lecture Series

## II Conference in Glycosciences

**February 6th, 2025, 12h**

**Dr. Sara Bertuzzi**

Thermo Fisher Scientific

register here:

*Unveiling glycan-lectin interactions in cellular-like environments and at atomic level through NMR*

**March 6th, 2025, 12h**

**Dr. Sarel Fleishman**

Weissman Institute of Science

register here:

*Computational design of functionally diverse enzyme repertoires*

**April 3rd, 2025, 12h**

**Dr. Yasuhiro Kajihara**

Osaka University

register here:

*Reinforcement of Protein-Protein Interaction by Glycosylation*

**May 6th, 2025, 12h**

**Dr. Ben Schumann**

The Francis Crick Institute

register here:

*Chemical Precision Tools to Dissect Protein Glycosylation*
